INDEX OF CITIES AND TOWNS OF UNITED STATES

LATEST POPULATION FIGURES

The following list names in alphabetical order approximately all places in the United States having one thousand or more inhabitants and some of smaller size, locally important. The index references enclosed in parentheses, indicate location of city or village on the accompanying maps. The numerals at extreme right of column are the latest available census figures or recent official estimates of population, Of such states as make decennial census independent of the federal Bureau of the Census, the 1915 State Census figures are given and designated. Population figures in heavy face type are official estimates of Bureau of the Census as of July 1, 1916. Population of township. Capitals of States are in capital letters.
